

A decorative border of blue snowflakes surrounds the text. The snowflakes are arranged in a grid-like pattern, with some larger and more intricate than others, creating a festive winter theme.

# It's a snow day!!!

In case you cannot come to school because of snow or the school is closed because of snow, below are some activities to keep you occupied. Have fun in the snow, but please try to find some time to complete one or two snow day activities. We will ask you to show us your work when you return. Remember to keep reading and practising your times tables.

❄️ How many words with 3 or more letters can you make using only the letters in:

# Winter Wonderland

You can use each letter only once.

What is the longest word you can make?

An acrostic is a poem in which the first letters of each line spell out a word or phrase. The word or phrase can be a name, a thing, or whatever you like. Usually, the first letter of each line is capitalized. This makes it easier to see the word spelled out vertically down the page.

❄ Write an acrostic poem using a word related to winter or snow. E.g. *SNOWFLAKE*

To create an acrostic, follow these five easy steps:

1. Decide what to write about.
2. Write your word down *vertically*.
3. Brainstorm words or phrases that describe your idea.
4. Place your brainstormed words or phrases on the lines that begin with the same letters.
5. Fill in the rest of the lines to create a poem.

# Describe the sky.

- ❖ Spend a few moments looking at the sky.
- ❖ Use similes and metaphors to describe the colour of the sky.
- ❖ Draw or paint a picture to match your description.

Write a story about the picture below.

- Who are the characters in the story?
- Where does the story take place?
- What is the weather like?
- What can the characters see, hear and smell?
- Is there a problem?
- How is the problem solved?
- Do the characters learn a lesson?

# Winter Word Problems

The Smallville Titans hockey team is practicing for their big game. At the beginning of practice the team lined up and took 21 shots on their goalie. At the end of practice they lined up again and took 62 shots. How many shots did the hockey team take in all?

Siku was travelling home on his dog-sled after hunting for food for his village. Siku had 37 hours to travel in total. On the first day, his dogs pulled him for 7 hours before resting. On the second day his dogs pulled him for 9 hours before resting. How many more hours will it take Siku and his huskies to reach home?

Kyle is keeping track of the amount of snowfall at the ski resort this month. So far it has snowed three times. The first snowfall was 20 centimetres. Last week there was a snowstorm that dumped 78 centimetres. The most recent snowfall was 25 centimetres. How many centimetres of snow has fallen?
